

Environmental Policy

As a company we are committed to environmental improvement and preventing pollution. We work with our employees, customers, suppliers, governments and the community to develop solutions that:

- Reduce waste;
- Minimise any lifecycle impacts and
- Meet community aspirations for a sustainable future.

In our own Company we:

- Require employees to comply with all applicable environmental laws, regulations and standards
- Identify and manage environmental risks within our business and apply best practice principles to the prevention of pollution
- Use natural resources responsibly and minimise the environmental impacts of our business
- Implement and use our Business Management Systems to plan, document, measure and monitor environmental performance including setting, assessing and reviewing objectives and targets
- Communicate our commitment to all employees, contractors and other stakeholders as well as making this policy available to the general public and
- Continually improve performance through training, management review, research and development and consultation.

A handwritten signature in black ink, appearing to be "J Edmiston", is positioned above the printed name.
